PROEL GROUP COMPANY

## AXIOM ON THE ROAD WITH ALEXIA'S 2010 TOUR

The 2010 tour of Italian artist Alexia continues with new dates and the familiar crowds of fans who always gather to show their appreciation for her voice and songs.

Among her latest shows, she also performed in the Val Vibrata, in Abruzzo not far from Proel's headquarters. The singer from La Spezia performed in Corropoli before an audience who was able to appreciate her enormous talent thanks to a Proel Axiom Audio System.

"Vai con La Sigla", the sound service on every date of this tour, chose an Axiom configuration including:

- 16 AXIOM AX3210P Modules
- 16 Sub 21" EDGE121SP
- 6 Powersoft K10 Amplifiers
- 2 Proel DSO480 digital processors

«This is the second year in a row that we have chosen an Axiom system for Alexia's Tour», comments Damiano Prosperì, the owner of this company from the Marche Region. «The system has proven to be really reliable and it was confirmed for the singer's imminent shows in her Summer Tour, to the technical crew's great satisfaction. Here we have a great voice paired with an amplification system that is really exceptional».
