## ITALY - PROEL ONCE MORE IN THE SPOTLIGHT IN SARDINIA

Proel once more liven up the night in Sardinia with new installations in some very famous venues in the San Teodoro area.

After choosing them for the Bal Harbour Restaurant and the Ripping Discotheque, Quadra Luce and Design again thought of Proel for the audio of three new important venues on the Riviera: Ambra Night, Ambra Day and Luna Glam Club.. Ambra Night, 20 meters from the sea, is definitely a point of reference for Sardinian night-life. The venue features the famous gazebo-shaped dance floor which now hosts a 20,000 watt Proel set up composed of 4 Edge 218SP Subs, 2 Edge C210P96 Satellites, 8 Edge 25PB Satellites, 4 Edge 112SP Subs, 2 Powersoft K3 Amplifiers and 1 Powersoft LD3004 Amplifier.

Ambra Day, situated in a large 6,000 m<sup>2</sup> park in the center of San Teodoro, is one of the most charming and picturesque Meeting Bars in Italy. It continuously hosts music festivals and live performances and can now count on 4 TFL12 Satellites and 2 PRL950 Amplifiers.

Luna Glam Club is one of the most chic discotheques in San Teodoro: it is an exclusive club, with a splendid view of the sea, and elegant interiors designed by AFA Arredamenti. This location is particularly suited for parties and fashion shows, and is divided into two areas, one indoors and one outdoors with a panoramic terrace. Its sound system features 14 EDGE C65P loudspeakers white color customized, 12 EDGE 112SP Subs, 8 Edge 218SP Subs, 10 TFL12 Satellites, 14 Edge 25PB Satellites, 4 TFL15 Subs, 2 Powersoft K3 Amplifiers, 4 Powersoft LD3004 Amplifiers and 6 PRL950 Amplifiers.

Once more, Nicola Linzalone, of Quadra Luce and Design, is very pleased and says: «We have more projects in store for Proel. Our partnership is now consolidated, since we know we can trust the high quality of their products and the competence of their technical support».

While waiting to see what's in store for the future, in Sardinia they'll be dancing to Proel sound.
