TECHNOLOGY AS ART

PROEL
TECHNOLOGY AS ART

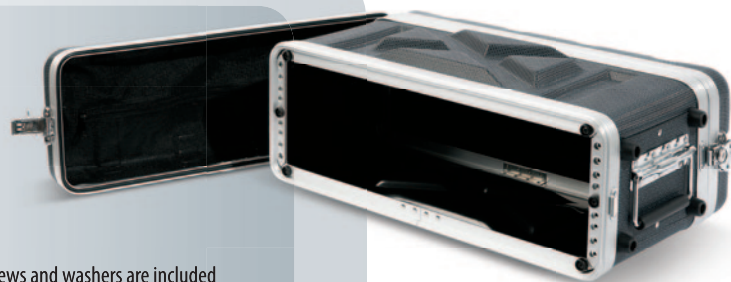

Thanks to twenty years of experience in the accessories field, PROEL is proud to present the new **"FORCE Series"**. This series is a new line of products that includes a wide range of professional cases dedicated to the field of musical instruments and stage equipment and is an integral part of PROEL brand products.

The main feature of this series is represented by the "mix" of components and polymers used, including the carbon fibre, for the realization of the panels used in the construction of the ABS cases. The result of all this is the **"FORCE Polyethylene"** which combines excellent resistance to chemicals and weathering, and is at the same time very light and durable over time. The panels thus obtained are subjected to processes of thermoplastics through the use of special machines and molds, to give life to the enclosures of different shapes and sizes that prove to be very handy and resistant to the different needs of professionals.

19" Shallow rack cases made of "FORCE Polyethylene". These new models are characterized by the low depth of the body and are particularly suitable for the installation of "low profile" electronic equipment and wireless microphone systems.

- Lightweight «FORCE polyethylene» construction material
- Comfortable spring loaded and rubber covered side handle
- Front and rear threaded zinc-plated steel rack rails and numbers of screws and washers are included
- Lids equipped with practical zipped meshed pocket for cables and accessories storage
- Professional hardware
- Inner rackable depth: 208 mm

FOABSR3US	19" "LOW PROFILE" ABS RACK CASE – 3U
FOABSR4US	19" "LOW PROFILE" ABS RACK CASE – 4U
FOABSR6US	19" "LOW PROFILE" ABS RACK CASE – 6U

19" Rack cases made of "FORCE Polyethylene".

- Lightweight «FORCE polyethylene» construction material
- Comfortable recessed side handles
- Front and rear threaded zinc-plated steel rack rails and numbers of screws and washers are included
- Lids equipped with practical zipped meshed pocket for cables and accessories storage
- Professional hardware
- Inner rackable depth: 420 mm

FOABSR2U	19" ABS RACK CASE – 2U
FOABSR3U	19" ABS RACK CASE – 3U
FOABSR4U	19" ABS RACK CASE – 4U
FOABSR6U	19" ABS RACK CASE – 6U
FOABSR8U	19" ABS RACK CASE – 8U
FOABSR10U	19" ABS RACK CASE – 10U
FOABSR12U	19" ABS RACK CASE – 12U

19" rack cases with the same characteristics of the previous series, with the integration of a retractable trolley type handle and "roller-blade" style wheels for easy transport

* 1 unit can only be used for low profile equipment due to the trolley mechanism

- Integrated pull-out handle and "roller-blade" style wheels • Inner rackable depth: 420 mm

FOABSR6UW	19" ABS RACK CASE WITH TROLLEY - 5U + 1U*
FOABSR8UW	19" ABS RACK CASE WITH TROLLEY - 7U + 1U*
FOABSR10UW	19" ABS RACK CASE WITH TROLLEY - 9U + 1U*

This ABS series case also includes the following products:

- 19" Professional rack case for 12U mixer with "pop-up" ratchet adjustable system

- Microphone cases with molded foam insert for insertion of microphones and a practical side compartment for cables and accessories.

- Lightweight «FORCE polyethylene» construction material • Professional hardware

FOABSMIX12	19" RACK MIXER CASE - 12U - WITH POP-UP SYSTEM
FOABSMIC6	ABS CASE FOR 6 MICROPHONES
FOABSMIC9	ABS CASE FOR 9 MICROPHONES
FOABSMIC12	ABS CASE FOR 12 MICROPHONES

Series of shaped and rectangular guitar cases made of "FORCE Polyethylene" with inner strong foam frame covered with 7 mm grey colour soft velvet offering good protection to the instrument.

- Lightweight «FORCE polyethylene» construction material
- 7 mm light gray velvet inner lining
- Professional hardware

The new "FORCE" series guitar bags are the result of a market research devoted to achieving the standard for convenience and resistance. The bags are made of durable 1680D "WATERPROOF" nylon, padded with 15 mm high density foam and with extra inserts inside to protect the mechanics of the guitar bridge and headstock. The bags have handles made of reinforced nylon and are equipped with adjustable padded shoulder straps and extremely durable zip. Large pockets are located on the front of the bag, to hold music books and accessories.

- 1680D "water proof" Polyesthere outer material
- 15mm high density foam padding
- Practical adjustable padded shoulder straps
- Special inserts with line background theme
- Inner insert for mechanics protection
- High quality reinforced zip
