

# NEW PRODUCTS 2016

PRELIMINARY

# The History BRAND

**1982:** Mister Tullio Granatello began his career as a drummer on the variegated Italian music scene. Thanks to his marked knowledge of the instrument and outstanding handcraft ability, he built his first drum with a new and never used before system: the staves.

**1984:** The great recognition from drummers leads to a bigger project. Tamburo brand was established in a tiny handcraft lab based in Novara, north of Italy.

**1989:** Considering the increasing reputation in Italy, Tullio decides to enlarge the production site, sponsoring Tamburo brand overseas on magazines and attending the international fair of Frankfurt Music messe. In France Tamburo drums are recognized as "le clou du salon" (the best of the fair).

**The 1990's:** Thanks to passion and innovation, Tamburo builds up its reputation getting a great appreciation from important artists such as Peter Erskine, Dave Weckl, Tommy Campbell and many more.

**The new millennium:** A fruitful joint venture with Proel group marks the beginning of a new era: with focused research investments and a widespread selling network, Tamburo brand is now on the international market with other great competitors.

**1982 / 1983**

Mr. Tullio Granatello during a performance and TAMBURO first production venue

**1984**

Mr. Tullio Granatello presents his instrument to Mr. Peter Erskine

**1986**

Dave Weckl on stage plays and appreciates the made in Italy branded by TAMBURO

**1989**

Tommy Campbell is TAMBURO endorser

# STUDIO DRUMS

Studio drumset was originally introduced in 2001 as, reliable instrument with superior sound and excellent value for money.

The 2016 edition, it is completely made with high quality birch plywood, to fit the needs of musician looking for a traditional drumset, to be used in almost every musical style.

The 2016 Studio is available in 3 configurations: Standard with 22" bass drum, Plus with 20" bass drum and Jazz with 18" drumset; each one in three finishes, Satin Natural, Satin Black and Cherry Gloss.

# HP DRUMS

HP it's the latest creation of master luthier Tullio Granatello, a concentrate of technology and years of research for the perfect drum sound.

Since the beginning, the first request of drummers was a lightweight instrument with professional sound. HP it's the answer.

Innovating the tradition, it's since ever the ambition of Tamburo brand, from the first drumset with shells made by staves, to an incredible number of patents registered on hardware and accessories, which inspired the most famous drum makers in the world.

With 30 years of history in making drums, Tamburo it's proud to introduce in 2016 a completely innovative way of making shells: a thin ply of wood, combined with two ply of HPL High Pressure Laminate".

The result it's a lightweight, indestructible, nondeformable shell, with warm, powerful sound, with a wide range of tunings, that can fit any musical needs. HP it's actually available in four configurations and four finishes.
