

ONEHERO

CONNECTORS

**YOUR REAL
STRENGTH**

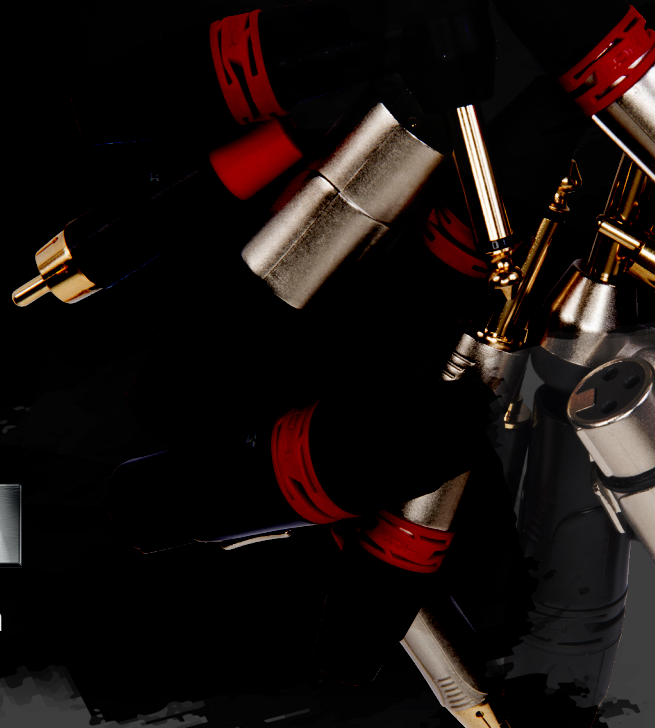

ONEHERO

CONNECTORS

ONEHERO is a new series of connectors, the result of PROEL R&D that once again, chose to invest resources in the design of innovative and professional tools dedicated to the growing market demands. Distinctive characteristics of the connectors are:

- Latest generation materials
- Gold plated brass contacts
- Zinc alloy die cast bodies
 - High quality finishing
 - Identification ring
- Inner special nylon strain relief
- Nylon and PVC backshell
